

## NQIP: QI clinics

- Would you like to find out more about QI and how you can get involved?
- Do you have an improvement idea and don't know how to take it forward?
- Are you working on a QI project and would like some support and advice?
- Have you been involved with QI projects and feel that you have learning and reflections to share with others?

QI clinics are being held on a monthly basis across the trust. This is an opportunity for you to speak to the QI team and to colleagues who are interested or already involved in projects. You are very welcome to simply drop-in for a cup of tea and a chat, to use the opportunity for general discussion and networking, or you can book a 121 with one of the QI team to discuss any specific queries or issues.

The first 15 minutes of the session will be an overview of the QI Clinic.
